## OBJECTIVE

I am an aspiring IT professional with expertise in software development and a strong grasp of front-end and back-end technologies. Seeking opportunities to contribute to IT projects and initiatives within a forward-thinking organization. Committed to continuous learning and collaborative problem-solving to drive impactful results in the IT sector.

## SKILLS & ABILITIES

### Technical Skills:

Programming Languages: *Java, JavaScript, Python*

Web Development: *React.js, Node.js, HTML, CSS*

Frameworks: *Spring Boot, Express.js*

Database Management: *MySQL, MongoDB*

Version Control: *Git*

### Soft Skills:

Effective Communication: *Able to communicate technical concepts clearly to both technical and non-technical stakeholders.*

Problem-solving: *Proven ability to analyze complex issues and develop innovative solutions to overcome challenges.*

Teamwork: *Collaborative approach to working within cross-functional teams to achieve common goals.*

Adaptability: *Flexible and able to quickly adapt to new technologies and evolving project requirements.*

Attention to Detail: *Meticulous in reviewing code and ensuring quality standards are met.*

## EXPERIENCE

### YETU SACCO, KIONYO

*Industrial attachment*

JAN 2023 – MAR 2023

Provided exceptional customer care services, ensuring client satisfaction and retention through attentive and responsive support.

Assisted in bank reconciliations, contributing to accurate financial reporting and compliance with regulatory requirements.

Offered IT support, troubleshooting technical issues and implementing solutions to enhance operational efficiency.

Thrived in a fast-paced banking environment, honing time management skills to meet deadlines and deliver quality results.

Fostered effective collaboration within the team, working closely with colleagues to achieve organizational goals and objectives.

## EDUCATION

### TECHNICAL UNIVERSITY OF MOMBASA

DIPLOMA IN COMPUTER SCIENCE

Completed rigorous coursework encompassing various aspects of computer science, including programming languages, software development methodologies, database management, networking, and cybersecurity. Achieved exceptional academic performance, earning a Distinction for outstanding academic achievement.
